

eco LIGHTING SOLUTIONS

Hyperion

Non-Cutoff Wall Pack

TI Series

About

The Hyperion LED wall pack offers maximum light for minimal power. This wall pack fits easily into existing spaces to replace high pressure sodium and metal halide. Designed for heavy outdoor use, this is ideal for parking areas, wall washing and doorways.

Hyperion LED can easily be installed into almost any fixture, in an average of 15-30 minutes.

Ideal for:

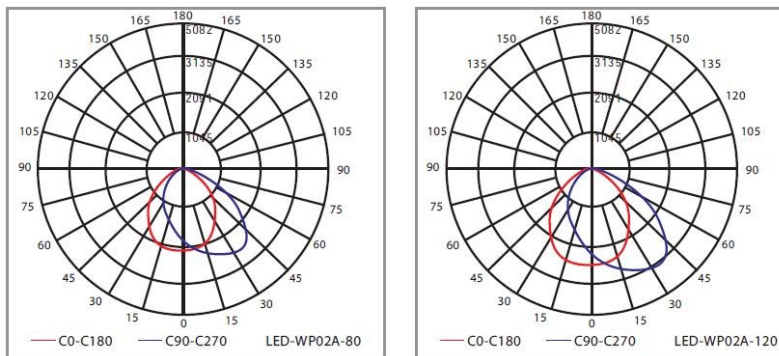

- ◆ Commercial Buildings
- ◆ Parking Lots
- ◆ Wash Bays
- ◆ Farm & Rural Applications

Applications

- ◆ 50,000 hours
- ◆ CRI >75
- ◆ 120-277 & 120-347V Available
